

Material Safety Data Sheet

1.0 Chemical Product And Company Identification

Product:

MicroBeads™ are highly porous and resistant to thermal shock and abrasion and will not shrink, swell, soften nor disintegrate when in water. The beads contain no hazardous ingredients.

Manufacturers:

GF Health Products, Inc.
2935 Northeast Parkway Atlanta, 30360
800-347-5678 (Normal business hours)

Emergency Telephone Number:

800-347-5678

Date Issued: 08/24/06

Date Revised:

Chemtrec Chemical Transportation

24 Hour Emergency Telephone

Domestic/North America 800-424-9300 International 703-527-3887 (Call Collect)

2.0 Composition/Information On Ingredients

The beads are made of manmade inorganic material and in the shape of uniformed balls that are stitched into manmade textile cloth. The beads have no reaction within normal range of useful temperatures. Formulation is not applicable.

3.0 Physical Data

Appearance-Odor: White to off white spheres. Odorless

Melting Point: >3000F

Boiling Point: Not Applicable

Solubility in Water: Insoluble

4.0 Fire Fighting Measures

Flash Point: Not applicable

Extinguishing media: None required- will not burn

Hazardous thermal decomposition: None

Special Firefighting procedures: None needed

5.0 Stability/Reactivity

Stability: Stable Product

Conditions to avoid: None

Materials to avoid: None

Hazardous polymerization: Will not occur

6.0 Health Hazard Data

Main Hazards: Not classified as hazardous.
Inhalation Dust may cause drying of mucous membranes
Eye Contact: Dust may cause irritation
Skin Contact: Dust may cause drying or irritation

Ingestion: May cause gastrointestinal disturbances

First Aid Procedures: For inhalation, remove to fresh air. For eyes, immediately flood the eye with plenty of water for at least 10 minutes, holding the eye open. For skin, wash with mild soap and water. Advice to physicians - Treat symptomatically.

7.0 Safe Handling & Use

Handle the product including any packaging in accordance with good industrial hygiene and safety practice. Avoid inhaling dust. Use in well ventilated area. Storage area should be well ventilated.

8.0 Accidental Release Measures

Avoid creating dust. Sweep or preferably vacuum up and collect in suitable containers for recovery or disposal.

9.0 Additional Information

Standard handling and storage procedures for non-hazardous material.

Transport - Not classified according to transport regulations for the carriage of hazardous goods.

Product Disposal - Landfill Dispose of in accordance with all applicable local and national regulations.

10.0 Other Information

All information, recommendations and suggestions appearing herein concerning the product is based upon data believed to be reliable. It is the user's responsibility to determine the safety, toxicity and suitability for their own use of the product described herein, and to comply with all applicable regulations. Since the actual use by others is beyond the MSDS developer's control, no guarantee, expressed or implied is made by GF Health Products, Inc., as to the effects of such use, the results to be obtained or the safety and toxicity of the product nor does GF Health Products, Inc. assume any liability arising out of use by others of the product referred to herein. This MSDS is not intended as a license to operate under, or recommendation to infringe on, any patents. Appropriate warnings and safe handling procedures should be provided handlers and users.

Note: CHEMTREC and NATIONAL RESPONSE CENTER emergency telephone numbers are to be used only in the event of CHEMICAL EMERGENCIES involving a spill, leak, fire, exposure, or accident involving chemicals. All non-emergency questions should be directed to GF Health Products Inc. for assistance.
