**For Immediate Release: Graham-Field introduces Lumex® AltaDyne™ Sensor Plus  
January 27, 2011 • Atlanta, GA:**

GF Health Products, Inc. ("Graham-Field") is pleased to introduce the ***Lumex AltaDyne 765000 Sensor Plus Alternating Pressure Mattress System with Active Sensor Technology***, shown at right. Features include:

- Intelligent, alternating pressure relief support uses proprietary auto-adjusting technology to automatically configure air pressure based on patient weight, not only relieving caregivers of manual setup, but also assuring maximum patient comfort
- Group II mattress system is suitable for use in the prevention and treatment of pressure ulcers
- Touch-pad control panel, shown at right, is lockable to prevent unauthorized adjustments, and fine tunable to manually adjust the air pressure setting and four therapy settings (Alternating Pressure, Static Pressure, Alternating Pressure + Seat Inflation, or Static Pressure + Seat Inflation)
- Low pressure and power failure LED indicators and alarms
- Cell-on-cell mattress design that ensures the mattress will hold air in the lower cells in the event of a power failure, preventing user from bottoming out
- 400 lb maximum weight capacity
- Designed to meet the requirements of HCPCS Code E0277
- Meets CA Technical Bulletin #117 flammability requirements
- One-year limited warranty
