For Immediate Release:
Graham-Field Introduces LED Headlight

March 1, 2006 • Atlanta, GA:

Graham-Field Health Products announces the introduction of the **Grafco® Model 570 LED Headlight**. The bright, one-watt, battery-operated headlight, shown here, has an adjustable aluminum head connected to a comfortable elastic headband. The hinged headlight, with 100,000 hour LED life, adjusts to seven different angles/positions. Its built-in reflector further enhances brightness.

The Grafco Model 570 LED Headlight joins an extensive family of Medical/Surgical products including sphygmomanometers, stethoscopes, thermometers, magnifiers, exam room supplies, microscopes, pain management tools, laboratory supplies, and surgical instruments.

GF Health Products, Inc., headquartered in Atlanta, GA, is a major manufacturer and distributor of healthcare products for the homecare, long-term care and acute care markets. Its products include medical and surgical supplies, patient room products, homecare and long-term care beds, respiratory products, manual and power wheelchairs, patient aids, diagnostics and specialty seating products.

Graham-Field has manufacturing facilities located in Fond du Lac, WI; Central Falls, RI; Indonesia, Taiwan and China. Graham-Field's name brand products include Grafco, Labtron, Lumex, John Bunn, Basic American Medical Products, and Everest & Jennings.

GF Graham-Field and Grafco are registered trademarks of GF Health Products, Inc.
