For Immediate Release: Graham-Field introduces Lumex® GF100 Rolled Foam Mattress
January 27, 2011 • Atlanta, GA:

GF Health Products, Inc. ("Graham-Field") is pleased to introduce the Lumex® GF100 Rolled Foam Mattress, shown below. The GF100 ships rolled in a carton to save on oversize freight charges, and opens to full size, 80" x 36" x 6", in just minutes.

This economical pressure-reducing, high-quality foam mattress, featuring a maximum weight capacity of 350 lb, offers a high level of therapeutic comfort at an affordable price. The zippered, soft, flexible, breathable Recovery5™ nylon cover, which moves with the patient to reduce shear, is fluid-resistant, antimicrobial, anti-static, and easy to clean. The GF100 is designed to meet the requirements of HCPCS Code E0184, meets 16 CFR 1633 requirements, and features a one-year limited warranty.

GF Health Products, Inc., headquartered in Atlanta, Georgia, is a major manufacturer and distributor of healthcare products for the long term care, homecare, primary care, and acute care markets. Its products include long term care and homecare beds, patient room products, diagnostics, medical/surgical products, respiratory products, manual and power wheelchairs, and specialty seating. Its brands include Lumex®, Labtron®, Everest & Jennings®, Grafo®, John Bunn®, and Lumiscope®.
