For Immediate Release:

Graham-Field Introduces Lumiscope® Advanced Blood Pressure Monitors

February 25, 2010 • Atlanta, GA:

Graham-Field is proud to introduce the Lumiscope® Advanced Upper Arm and Wrist Blood Pressure Monitors, shown at right, whose features include:

- World Health Organization 6-color LED risk indicator (shown at lower right)
- Automatic time and date stamp
- 4-user memory with averaging (396 total; 99-reading memory for each user)
- 5 average modes: hour, day, week, month, and total
- Irregular, low, and high heartbeat detector
- Clock function with 4 alarm settings when not in use as blood pressure monitor
- Lifetime limited warranty

Accurate vital health information in seconds! Each blood pressure monitor includes batteries, storage case, quick-start guide, and instruction manual (English and Spanish). Upper Arm Blood Pressure Monitor 1137 includes AC adapter and standard and large adult cuff.

GF Health Products, Inc., headquartered in Atlanta, GA, is a major manufacturer and distributor of healthcare products for the homecare, long term care, primary care, and acute care markets. Its products include medical/surgical products, diagnostics, respiratory products, patient room products, manual and power wheelchairs, homecare and long term care beds, and specialty seating products.
